For Students To Be Better Prepared:

Prior to the start of the Driver Education Program, students should have some driving experience with a supervising driver age 21 or older who has a valid Driver’s License to operate the vehicle the student is driving.

Eastchester High School’s Driver Education Summer Attendance Policy

The New York State Education Department requires that each student attend 24 hours of classroom instruction and 24 hours of in-car instruction. A passing grade on both the classroom lecture classes and the in-car instruction is required to successfully complete the driving program.

Failure to meet the 24 hours of classroom and 24 hours of in-car requirement will result in course failure and denial of your MV-285 (Completion Certificate) and insurance certificate.

Work, vacations and extracurricular activities are not acceptable excuses for missing your driver education lecture class or in-car session (driving and observation session).

- A maximum of two absences (2 lecture classes and 2 in-car sessions) are allowed but must be made up.
- More than two absences will result in dismissal from the program.
- All **lecture** absences to be made up must be scheduled with the lecture teacher and completed within the summer program.
- All **in-car** absences must be scheduled for makeup with PAS Auto School and completed within the summer program.
- All makeups, lecture and in-car sessions, must be completed by the end of the Driver Education Program you are enrolled in.
- Refunds will not be issued.
- Makeups extending into the next Driver’s Ed Program will be at the discretion of Eastchester Driver Education Program and PAS. A fee of \$45.00 per lecture and in-car session will be charged for each make up.

***Again, if lecture and driving absences are not made up and completed by the end of the program you are attending, you automatically fail the program.**

Do not let this happen to you!
